

Chronic Absence Reduction Data Analysis and Goal Setting Worksheet

School Name: _____

Total Enrollment: _____

Analyze your school's chronic absence data and explore these questions:

- What are your school's attendance bands?
 - What is the extent of the chronic absence problem?
- Is chronic absence concentrated among particular grades or group of students?
 - What insights do you have about why that group of students is missing more often than others?
- Are certain groups of students attending more regularly than others?
 - What insights do you have about why that group of students is attending more regularly?

Tier	2023-2024 Percent of Students	2023-2024 Number of Students	2024-2025 Goal Percent	2024-2025 Goal Number
1 - Satisfactory Attendance (missing less than 5% of school)				
2 - Moderate Chronic Absence (missing 10% - 19% of school)				
3 - Severe Chronic Absence (missing 20% or more of school)				

Groups of students who are experiencing higher than average chronic absence levels or overall number of chronically absent students	2023-2024 Percent of Students	2023-2024 Number of Students	2024-2025 Goal Percent	2024-2025 Goal Number
